Dr. Saul Hertz  
114 Grove Street  
Chestnut Hill, 67, Massachusetts

Dear Doctor Hertz:

Thank you for your very interesting letter of March 23, 1946, and for your very interesting abstract of the paper you are presenting at the annual meeting of the American Society for Clinical Investigation in Atlantic City this Spring.

Dr. Jones expects to represent us at the meeting, and will give a paper at that time; and he can discuss those original three cases at the meeting. \* It is very doubtful whether either Joe Hamilton or I will get to the meeting, but one of us will try to make it.

It is good to hear that you are back again at this very interesting work, and both of us shall look forward to seeing you in the near future. I shall pass on your letter to Joe and Mayo Soley, since I know they will be very much interested.

With kindest personal regards,

Very sincerely

/s/

John H. Lawrence M.D.

JHL:BBH

\*These cases continue to do well and Joe will probably write you about them
